

SAFETY SHIELD INSTRUCTION SHEET

SET UP

- 1 Completely set up your E-Z UP® Instant Shelter® in the area that you intend to shade according to the owners manual instructions.

- 2 Attach half wall to frame as shown.
(2) Attach quick attachment truss clips around the top truss as shown.

- 3 Wrap quick attachment hook and loop straps around the legs of the shelter just above the Auto Slider® Pull Pin and mid-leg.
(3a) Press straps into pad firmly.
Note:
The top of the half wall tucks underneath the valance of the fabric top.

CARE AND MAINTENANCE

For long lasting durability and the best possible protection for your E-Z UP® Instant Shelter® products, follow these E-Z care and maintenance instructions:

- Use a mild soap (not detergent) and plenty of water for top cleaning.
- Let the E-Z UP® top and frame dry completely before closing or storing to avoid mildew.
- Frame will operate and look better if occasionally wiped with silicone spray, especially before and after use in damp conditions. Remove excess silicone residue before applying top.
- Use a seam sealer if top leaks or drips water. Available at most sporting goods and hardware stores.
- Slightly tighten bolts if frame becomes loose.

Replacement Parts

For all shelter sizes: Call 800-45-SHADE or go to ezup.com/parts

WARNING: Keep all flame and heat sources away from all shelter fabrics. These fabrics meet the flammability requirements of CPAI-84. The fabric may burn if left in continuous contact with any flame source. The application of any foreign substance to the fabric may render the flame-resistant properties ineffective.
